The KF Tourist model provides all the comfort and equipment features characteristic of tourist-class buses. It is optimized for long-distance travel and transfer routes, featuring a spacious luggage compartment and a high level of safety and comfort equipment.

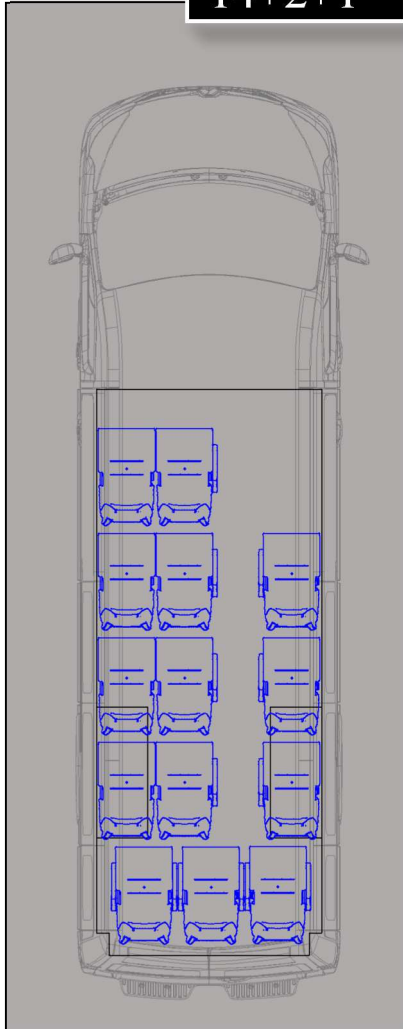

The travel experience is enhanced by individual air vents, USB ports, and reading lights at each seat, as well as the climate-controlled passenger area and the electrically operated entry step for easy boarding. On longer journeys, the large multimedia roof monitor also contributes to a pleasant travel.
